Sir:

The undersigned herewith submits in the above-identified patent the following prior art which is pertinent and applicable to the patent and is believed to have a bearing on the patentability of at least claim 1 thereof:

Foladare et al                      U.S. 5,732,383                      March 24, 1998

The reference discloses a system for providing traffic information to users in a wireless communications network strikingly similar to the device of DeKock et al. It is believed that the reference has a bearing on the patentability of at least claim 1 of the DeKock et al patent.

Insofar as claim 1 is concerned, the reference clearly anticipates the claimed subject matter under 35 U.S.C. 102.

Respectfully submitted,

Ray Selig, Esq.
